DINNER COIFFURE. — MODEL FROM M. PHILIPPE'S, PARIS.

SOIRÉE COIFFURE. — MODEL FROM M. PHILIPPE'S, PARIS.

VISITING OR DINNER TOILETTE (BACK AND SIDE).

DINNER OR VISITING DRESS (FRONT).

GIRL'S OUTDOOR COSTUME.

VISITING TOILETTE, in grey faille, trimmed with a very much lighter shade of the same color. The *coquilles*, plaits, etc., are lined with the light faille, the gilet and cuffs being entirely composed of the same. The under-skirt is very long behind, the two centre breadths are gathered, having on either side a *coquille* lined with light grey, which shows a little below the edge; then there is a deep plaited flounce composed of

the two shades, that is the lighter, forms the under part of the plait; over this falls a gathered drapery *en tablier*, finished on each side by a *coquille*. Coat shaped tunic à l'incroyable, long Louis XV waistcoat, Medici ruff, short basques behind, slightly draped with bows of light faille.

DINNER DRESS, in grey faille of two shades. The under-skirt, forming train, is trimmed with

a deep plaited flounce, composed of the two shades, that is the lighter appearing to line the plait and just showing at the edge as seen in engraving. The tablier is *bouillonné*, open in the centre over the light faille, the *coquille* being lined with the same. Long tunic, gracefully draped; waistcoat and cuffs of sleeves in the lighter grey, Medici ruff.

SOIRÉE COIFFURE.—*Toquet Henri III*; bow

in bronze colored watered ribbon intermixed with lace; soft turquoise blue feathers; three daisies in diamonds on the bow.

DINNER OR DEMI-TOILETTE COIFFURE. — This coiffure is quite new and very original. It consists of *bandelettes* in steel of the finest workmanship, tastefully interlaced with the hair, from which they fall forming necklace.
